

HIGHLAND ELECTRICAL

YOUR TRUSTED ELECTRICIANS

VENTILATION & EXTRACTION FAN SERVICE

We understand the importance of maintaining proper ventilation in commercial buildings. That's why we offer extract fan service and ventilation checks to ensure that your building's ventilation system is working efficiently and effectively.

Our team of experienced professionals will inspect and service your extract fans to ensure they are operating at their optimum capacity. We will also conduct a thorough ventilation check to ensure that your building's ventilation system is functioning as intended, and identify any potential issues that may arise.

Regular extract fan service & cleaning along with small unit ventilation checks are essential to maintaining a healthy and safe indoor environment for your employees and customers. By choosing us as your electrical contractor, you can have peace of mind knowing that your building's ventilation system is in good hands.
